

TO ALL VISA APPLICANTS

Please do not bring mobile phones or any electronic devices, such as Blackberries, iPods, or PDAs as they are not allowed within the Embassy.

We also strongly advise that you do not bring large bags, such as backpacks, suitcases or packages to the interview as there are no storage facilities on Embassy grounds. The following reference on our website provides a list of Left Luggage storage facilities - http://london.usembassy.gov/cons_new/forms/Left_Luggage-Excess_Baggage.pdf . Applicants who do not follow these instructions will experience considerable delays at the security check point which could result in the interview being cancelled.

If you have already undergone a medical examination by the Embassy's panel physician (Knightsbridge Doctors) or have booked an appointment with them, your medical results will be sent directly to the Embassy. If you have not yet booked an appointment, please obtain and follow the instructions on form IV18a.

If you need to bring a carer or translator to assist you during your time at the Embassy, please send us their full name(s) as soon as possible so that we may arrange access to the Embassy for them. Please also let them know that they are required to bring photographic ID, such as their passport, with them.

Sincerely,

Chief, Immigrant Visa Branch
